OBJECTIVE

I'm a passionate and detail-oriented Front-End Web Developer, excited to start my professional journey. I enjoy building responsive websites and bringing designs to life with clean, efficient code. I'm skilled in modern web technologies and always eager to learn and grow. My goal is to create user friendly experiences and stay updated with the latest trends in web development

SKILLS & ABILITIES

- Languages: HTML5, CSS3, JavaScript (ES6+), TypeScript
- Frameworks/Libraries: React.js, Next.js, Redux, Tailwind CSS, Bootstrap
- Tools: Git, Vite, NPM/Yarn
- Responsive Design, Cross-Browser Compatibility
- Other: REST APIs, SEO Best Practices, Performance Optimization

EXPERIENCE

May 2023 -2025 **Junior Frontend Developer, HexaBird Private Limited** (Hisar)

- Developed and maintained responsive user interfaces using React.js and Tailwind CSS.
- Collaborated with design teams to implement scalable components using Next.js.
- Optimized application performance and improved page load speeds by 30%.
- Worked closely with backend developers to integrate RESTful APIs.

EDUCATION

Pursuing **Bachelor of Computer Applications**
Kurukshetra University Haryana

2022-2023 **Senior Secondary (64.4%)**
UPASANA Senior Secondary School (Hisar)

2020-2021 **Secondary (100%)**

COMMUNICATION

Strong written and verbal communication skills, including the ability to provide constructive feedback and collaborate effectively with writers, editors, and other stakeholders.

PROJECTS

- A collaborative project showcasing a fully responsive website with a modern design and seamless user experience. Built with Next.js and Tailwind CSS, it emphasizes clean, scalable design systems, high performance, and accessibility. [click here](#).
- **Responsive school website** built with **Next.js** and **Tailwind CSS**, featuring smooth navigation and dynamic content sections. [Click here](#)
- **Cybersecurity landing page** built with **React** and **Tailwind CSS**, showcasing modern UI, responsive design, and scroll-based animations. [Click here](#)
- **Designed and built a modern**, multi-page website for an AI-focused brand. Implemented smooth page transitions, responsive layouts, and engaging animations to highlight services [Click Here](#).
- Built a sci-fi themed web app featuring a dynamic landing page and a custom-designed dashboard. Focused on component-based architecture, smooth navigation, and responsive design across both marketing and user panel views [click here](#).
